

Amazon Clipper CRUISES

Weekly guaranteed departures all year round.
two options: **TRADITIONAL** fleet and **PREMIUM** with 3 itineraries:

Amazon River Cruise
3 Days / 2 Nights
Departing on Mondays, with an itinerary mainly on the Amazon River.

Negro River Cruise
4 Days / 3 Nights
Departing on Wednesdays, with an itinerary mainly on the Negro River.

Amazon and Negro River Cruise
6 Days / 5 Nights
Departing on Mondays, being the sum of the two previous trips.

For 20 years, *Amazon Clipper Cruises* has been a leader in operating boat cruises in the Amazon River System departing from Manaus. There are several ways to see the wonders of the Amazon: hotels, lodges and boat tours. We consider that the best way to see and enjoy nature is to be agile in this wonderful environment, and to be always in the midst of the jungle, especially at dawn and dusk.

This is the experience that *Amazon Clipper Cruises* provides.

TRADITIONAL FLEET

The **Traditional** fleet contains several boats with basic comfort and facilities, such as air-conditioned cabins with private toilet, covered dining room with bar and library, and a 360° view sundeck.

PREMIUM - UNIQUE

For those who wish the comfort of a luxury ship, we built the **Premium**, a vessel unique in style that offers "simply the best" small-ship cruising in the Amazon. Large enough to offer spacious cabins with lower beds and inviting public spaces, but small enough to dock at remote spots and cruise to hidden locations due to the shallow draft of only 3 feet. The **Premium** is the perfect size for a comfortable cruise on the Amazon Rivers.
